2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

When Dominion "bought" SCE&G, we SCE&G customers had paid dearly for the failed nuclear power plant. The \$2.06 payout I just received from the SCANA suit is insulting. Dominion does not need add'l increase, as it's been receiving increases for "changes in the fuel component and the recovery of costs and revenues associated with demand side management and anergy efficiency programs and others rider-based charges". The expanding customer base pays its way, unless Dominion provides huge credits to bribe corporations, credits that we individual taxpayers pay instead. Dominion has not shown that it needs any increase at this time, and the increase sought is beyond reasonable given the current economic conditions. Vote NO on the application for increase.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No.
